

Know Your Property. Protect Its Value.

Property Inspection | Maintenance | Preventive Care | Custom Carpentry

Integrated property care solutions for residential, commercial and multi-property portfolios.

More Than Maintenance. A Smarter Approach to Property Care.

Revive Integrated Services W.L.L. is a Qatar-based property care and maintenance company providing integrated solutions to residential and commercial properties.

We help property owners and managers understand the condition of their assets, identify potential risks, address existing defects and maintain properties proactively.

Our approach goes beyond traditional reactive maintenance by combining structured property inspections, corrective works, preventive maintenance and specialised carpentry services.

Our Philosophy

INSPECT

Understand your property's condition.

RESTORE

Address defects and improve performance.

MAINTAIN

Reduce unexpected failures through preventive care.

PROTECT

Preserve property condition and long-term value.

One Property. One Accountable Partner.

Our Services

Four Specialised Solutions. One Integrated Provider.

01

ReviveCheck

Property Inspection & Health Intelligence

Know Your Property. Protect Its Value.

Comprehensive property inspections covering eight key systems, identifying defects, potential risks and maintenance priorities.

Clients receive a structured condition report supported by photographic findings, recommendations and a Property Health Score (0-100).

02

ReviveFix

General & Corrective Maintenance

Fix It Right. Restore with Confidence.

Professional maintenance and repair services covering electrical, HVAC, plumbing, painting, civil works, waterproofing and general property repairs.

From individual maintenance requests to comprehensive corrective works, Revive provides transparent quotations and documented completion.

03

ReviveCare

Annual Maintenance & Preventive Care

Prevent Problems. Preserve Value.

Tailored Annual Maintenance Contracts (AMCs) designed to maintain property condition, reduce unexpected breakdowns and support long-term asset performance.

Our maintenance solutions range from scheduled property assessments to comprehensive preventive and corrective maintenance programmes.

04

ReviveCraft

Carpentry, Joinery & Custom Fabrication

Made to Measure. Built to Last.

Customised carpentry and joinery solutions, including kitchens, wardrobes, cabinetry, furniture, doors and bespoke woodwork.

From measurement and fabrication to installation, our workshop delivers solutions tailored to each property's requirements.

The Revive Approach

From Property Assessment to Long-Term Care.

INSPECT → SCORE → RECOMMEND → RECTIFY → MAINTAIN

01	INSPECT	Evaluate the property’s condition across eight key systems, documenting visible defects, deterioration and potential safety risks.
02	SCORE	Establish a Property Health Score (0–100), supported by photographic evidence and prioritised findings.
03	RECOMMEND	Present a clear condition report with recommended actions and itemised quotations for proposed corrective works.
04	RECTIFY	Execute approved maintenance and repair works, supported by completion records and verification.
05	MAINTAIN	Provide tailored preventive maintenance programmes to preserve property condition and reduce future risks.

Illustrative example

Property Health Score

One Score. Clearer Property Visibility.

Revive’s Property Health Score provides a structured assessment of a property’s condition, helping owners understand risks, prioritise investments and monitor improvements over time.

Eight Key Property Systems

Example ratings, for illustration only

Electrical		78
HVAC		74
Plumbing		85
Civil & Architectural		80
Carpentry & Joinery		88
External Areas		83
Safety & Compliance		79
Soft & Hard Landscaping		90

Only applicable systems are included in each property’s assessment. The score reflects assessed condition and is not a property valuation or statutory certification.

Clients may also engage Revive directly for standalone maintenance, annual care or carpentry services without an initial inspection.

Why Choose Revive?

Smarter Decisions. Better Property Care.

Property Health Intelligence

Understand your property's condition through structured assessments.

Proactive Risk Identification

Identify potential issues before they become costly repairs.

Transparent Recommendations

Clear findings and practical, prioritised solutions.

Integrated Property Solutions

Inspection, maintenance and specialist services under one roof.

Documented & Accountable

Clear reporting and traceable maintenance activities.

Scalable Property Care

Tailored solutions for individual properties and larger portfolios.

Who We Serve

Understand Your Property. Maintain It Better. Protect Its Value.

06 CONTACT REVIVE

Your Property Deserves Better Care.

Whether you own a single villa, manage a commercial property or oversee an entire portfolio, Revive provides integrated solutions tailored to your needs.

Start with a Property Health Inspection or speak to our team about your maintenance requirements.
